HIRE CATALOGUE

Welcome to the Woodsted Studios Weapons Catalogue, a curated collection of premium props crafted for film, television, photography, and live performance. Each piece has been designed with production-quality durability, detail, and realism in mind, offering directors, designers, and performers reliable, screen-ready options straight from our workshop.

Many of our weapons are available in alternate colours, patinas, and weathering levels to better match your project's creative direction. If you require a specific finish, varnish, metallic tone, or distressing style, please let us know and we'll be happy to advise on available variants.

We're proud to support productions of all scales, from local independent projects to major studio features. If you require custom builds, fast turnarounds, or technical advice, the Woodsted Studios team is always available here: INFO@WOODSTEDSTUDIOS.COM
